Vision

Towards a Global Knowledge Hub, striving continuously in pursuit of excellence in Mechanical Engineering Education, Entrepreneurship and Innovation

Mission

- To impart total quality education through effective hi-tech teaching-learning techniques and department-industries collaboration.
- To mold the young dynamic potential minds to emerge as full-fledged future professionals so as to achieve top ten ranking status in the national level.
- To achieve international standards to fulfill the Government's "Make In India" industrial policy through innovation and research.

Program Specific Outcomes (PSO's)

PSO1: Ability to challenge the start of an accessible business and address the complex technical issues identified in designing, heat, and creating related businesses with the target device.

PSO2: Ability to directly analyze and recover actual situations related to design using calculation methods and tools. You can work freely under research and mechanical conditions.

PSO3: The ability to intelligently incorporate information received both verbal and compound.

Message from Director

Dr. Hemant Dhabhai
Director, Aravali Institute of Technical Studies

Mechanical engineering is one of the oldest and broadest engineering disciplines, and plays a significant role in enhancing safety, economic vitality, enjoyment and overall quality of life throughout the world. A prerequisite for development is growth and that is directly related to production or output of a country. If production is done via a sustainable path, it can maintain the sustainability of development.

I am glad to know that the Department of Mechanical Engineering of AITS is bringing out a monthly Newsletter. The college is proud of the achievements of the students and staff of the department and bringing out this Newsletter. I wish all success for the Newsletter and hope they carry forward the vigour and dedication for bringing out the future volumes of Newsletter.

EDITOR DESK

Gourav Purohit
ADSW, Aravali Institute of Technical Studies

It gives me an immense pleasure to introduce **Mechanical Mirror** Newsletter of Mechanical Engineering. This newsletter will help our department stay connected to a given community. As we offer students a regular dose of department-related news and information, we are also giving them another way to contact department and to keep in touch with it. Even as students or faculty graduate and alumni, they will likely stay in contact with the newsletter, thereby preserving the relationship they have with the department.

Message from HOD

The Mechanical Engineering Department was established in the year 1990 with an intake capacity of 60 students per year in Diploma and B.tech Program. A separate building having Top floor is available for department. In addition to this a separate building for workshop is also available opposite to the mechanical building. The faculty members are highly qualified and experienced.

During the course of the study, the students are imparted theoretical and practical knowledge in the various aspects of Mechanical Engineering at diploma level. In addition they are also exposed to industrial environment through industrial visits and industrial trainings/internship. Our institute has Various Clubs Activities in which the students are trained for social service and community development activities .Sports facilities are also available in our institute through which the students are trained in physical education and activities.

It is heartening to note the all the students passing out of our department are successfully place in various nearby industries as well as pursuing higher technical studies bringing a good name to the institution in the region.

Mr. Gourav Purohit

Professor and Head Department of Mechanical Engineering

STAFF SPORT TOURNAMENT

Date: 14 th January, 2019

CAMPUS DRIVE OF FUSION BUSINESS SOLUTIONS PVT LTD

Date: 15 th January, 2019

INDUSRIAL VISIT: ROYAL HYUNDAI

Date: 16 th January, 2019

NATIONAL SEMINAR: MANAGEMENT & GOVERNANCE

Date: 21 th January, 2019

Key Note Speaker: General Dr. Amardeep Bhardwaj
Major General Indian Army

**WORKSHOP: COMMUNICATION SKILLS, PERSONALITY
DEVELOPMENT, PERSONAL INTERVIEW**

Date: 28 - 31 January 2019

**ANNUAL FUNCTION: AROMA 2K19
Dated: 5 th April 2019**

TRAINING: AUTOCAD
Dated: 03.03.2019

Vision:

Tomorrow will take care of itself if one does an excellent job today. To nurture and develop talent, blended with values and technology to strengthen the technical manpower of the nation.

Mission:

- Impart quality education along with industrial exposure.
- To provide industry interface for faculty and students to work on projects with end goal of real time knowledge.
- Enhancing the quality of life through sustainable development.
- To continuous development of infrastructure and enhance state-of-the-art equipment to provide our students a technology up-to-date and intellectually inspiring environment of learning, research, creativity, innovation and professional activity and provide ethical and moral values.
